PRICE ONE CENT.

The End Is Drawing Near.

The date of the dissolution of our firm and the organization of the new firm is fast approaching, and with its coming ends your opportunity to buy clothing at retail at less than wholesale prices.

We are gratified and pleased beyond expression at the results of our Dissolution Sale. Hundreds have taken advantage of the money-saving opportunities we are offering. Hundreds and thousands of dollars worth of clothing and furnishing goods have been sold, but still there is more to follow.

Our clothing needs no introduction to the people of this community. They know our reputation for turning out stylish fitting, handsomely trimmed, strongly made garments that are sure to give perfect satisfaction to the wearer.

Our method of doing business is, we think, unquestionable. So, when in view of the change we are about to make in our firm, we found it necessary to dispose of our present stock and boldly advertised a reduction of from 25 to 50 per cent from our former low prices, the people showed their confidence in us and their appreciation of the circumstances by a more than liberal patronage.

If you are not one of those who has called on us, do so at once. Remember each day lessens your opportunity of securing the most desirable styles.

Such an opportunity as we are now offering comes but seldom. Take advantage of it while you may.

No Official Information of Indian Outbreak.

The President Makes Arrangements for an Extended Western Trip—Other Telegraphic News.

By Telegraph to THE TIMES. Washington, D. C. Oct. 6.—The war department has no official information of an Indian outbreak in Minnesota. Officials are inclined to believe that reports have been greatly exaggerated.

KENTUCKY CITIZEN

Before 'Squire Cole for Threatening to Kill One of His Neighbors.

Greenly Graham, a native of Kentucky, now residing near Lucasville was before 'Squire Cole this afternoon on the charge of pointing loaded fire arms and threatening to kill. The charge against Graham was performed by Chas. Schleingner, who lives near Graham. The trouble occurred Tuesday afternoon, over some chickens belonging to Graham. They got into Schleingner's yard and caused him much annoyance. A dispute arose and Graham rushed in the house and came out with a loaded shot gun. He made a hostile demonstration against Schleingner, who beat a hasty retreat, and yesterday came to town and swore out the warrant for Graham. The latter has the reputation of being a very bad man.

COMPANY H SICK.

Some of Them Arrive at Fort Monroe on the Transport Panama.

The transports Missouri and Panama arrived at Fort Monroe, Va., Wednesday from Porto Rico with 400 sick on board. Among them were Privates Duncan, M. Douglass, Wm. I. Edwards, John Youngman, Harry W. Matthiot, Edward B. Hicks and Charles E. Hood, of Company H, Fourth Ohio. They will go to a hospital and as soon as able to travel will be furloughed, until they recover their health.

AN ILLUMINATION.

An Episode in the Introduction of Gas Into the East End.

The introduction of gas in to the East End was duly celebrated last night. T. B. Blake was the first customer to take advantage of the eastward extension of the mains and his drug store was a blaze of glory the glory being the result of eight Wellsbach burners doing duty at one and the same time. To use Mr. Blake's own words, "it made a big hole in the darkness". The electric arc light on the street looked pale and feeble. The neighbors came from many blocks away to learn the cause of the illumination. The public hall over the drug store will be similarly lighted.

"You won't keep all eight of the Wellsbachs, going every night, will you, Mr. Blake?"

"Oh, no. Not on your life. About half that many will be requisite for ordinary occasions. We turned them all on last night to test the pipes and—"

"And impress your less fortunate neighbors?"

"That's it, precisely. I am glad you suggested that." The stores and churches of the East End have generally ordered in gas.

UNITED EFFORT

Will Soon Bring Company H Home Again.

Friends of the Boys Should Exert Themselves to Bring Influence to Bear on the War Department.

Editor Patterson sailed from New York Wednesday afternoon on the United States transport, Manitoba. On the ship also sailed the 47th New York volunteers who go to Porto Rico.

Editor Patterson wired from New York to the Times that if the friends of Company H would make a strong effort they would undoubtedly be able to secure an order for the return of the Fourth Ohio and have this New York regiment take its place.

The Forty-seventh New York will relieve some regiment not yet decided upon, and the regiment whatever it is will return on the Manitoba and reach New York city between the 25th and 30th of this month. Now is the time to work for the return of the boys. If the Republican leaders in Portsmouth have any influence let them exert it now. In the meantime write to anybody and everybody with influence and our boys will soon be in Portsmouth.

"ADMONISHED."

That Is What Rev. Abernethy Got for Being Too Frisky With Ladies.

The case of Rev. William Abernethy charged with undue sociability with the female lambs of his flock, was submitted to the Ohio conference at its late session in Athens, and the committee found the minister guilty and recommended that he be "admonished" by the bishop.

The Chillicothe Gazette is of the opinion that a simple admonition carries with it no great penalty. If a common every day sinner should do what Rev. Abernethy is charged with doing, and of which the committee found him guilty, he would get something a good deal worse than an admonition. The common pleas judge would do the admonishing.

GETTING SERIOUS.

Probable Massacre of U. S. Troops Under Gen. Bacon.

Men Were on the Steamer Flora With Supplies.

Cause of the War With the Pillaging Indians in the Northern Part of Minnesota.

By Telegraph to THE TIMES.

Minneapolis, Minn., Sept. 6.—A staff correspondent of the Journal wires at 8:30 this morning from Walker, that eighty men of the Third Infantry, under General Bacon, have been annihilated. He says they were on the steamer Flora with supplies for troops, but it was impossible to land in the dark. They signaled along the shore for an hour, but got no response. They had only one Winchester aboard. If any troops are alive they slept without shelter and without blankets, and have not had a particle of food this morning. It may be Bacon is entrenched and refused to answer signals to avoid indicating his position. A special train with three companies left St. Paul. Scouting this morning, but cannot reach Walker before 2 p. m. They had three days rations, plenty of ammunition and galling guns also.

Another Report.

By Telegraph to THE TIMES. Minneapolis, Oct. 6.—A special from Walker says firing was resumed on main land at 9 a. m. It is supposed the troops are entrenched and can hold out until ammunition is exhausted. Another special says: "I have just met the Indian who came over from Bear Island in a canoe at 3 a. m. He says the loss of whites was ten killed and fifteen wounded. The Indian loss does not exceed five killed and wounded. The force with Bacon is probably safe. I have other information that fifty dead Indians are within a mile of the landing."

Here's More of It.

By Telegraph to THE TIMES. Minneapolis, Oct. 6.—A special from Walker to the Journal, says the boat has been returned. It reports Major Wilkinson and six soldiers and one Indian scout killed and several wounded. The vessel was fired on while taking on wounded and was compelled to move out to escape the bullets. Bacon's command entrenched. Wilkinson was shot while admonishing men to keep their heads low.

Reinforcements Ordered.

By Telegraph to THE TIMES. Minneapolis, Oct. 6.—A Journal special from Walker says a third expedition to the danger point has just started. Fifteen riflemen are aboard. The boat carries provisions for soldiers. Detail is under direction of Dr. Camp of Brainerd. A bitter feeling exists against Indians.

What It's About.

By Telegraph to THE TIMES. Washington, D. C. Oct. 6.—Trouble at Leech Lake arose from the rescue by Indians of one of their number, who had been arrested by Deputy United States marshal, and troops were sent to assist the marshal in arresting rescuers.

J. L. PATTERSON, Editor and Manager.

If Charley Hard won't laugh, then why doesn't he cry? He ought to do something spectacular.

There is not a man upon the Republican county ticket but that bows subserviently to the behests of the detested but domineering gang.

George Hobson, the defaulting county clerk of Hamilton county under the George Cox regime, has been pardoned from the Ohio penitentiary. And for this are we gangsters!

By what means was the gang candidate for clerk nominated? By money and booze. Many decent Republicans were humiliated by what they saw at the primaries.

The campaign in Ohio is a very quiet one. The people are thinking, and when they do that, the brutal and corrupting ways of Hanna will find no favor in their eyes.

Steve Morgan, on the stump, is proving a flat failure. When he gets away from his memorized speech he is lost in the fog. How Crabtree would paralyze him in debate.

The Hanna committee opened up its campaign firing all over the state yesterday. It was a regular Spanish broadside. It hit nothing, and nothing was damaged but the smokeless powder.

The Elks of Chillicothe propose to hold a street fair in that city next year, about the first of June. They intend to give the "Ancient Metropolis" the biggest week it has ever known in its history.

It is a suggestive thought to the farmer to realize that his fields, enriched with expensive fertilizers, has yielded only 53 cent wheat. And corn! Well, the loudest mouthed protectionist will acknowledge the corn.

Ed. Walsh told the truth in his speech when he said strange things were going on about the court house, and the taxes of the people of Scioto were being gobbled up by the gang. The members thereof wax fat and grow insolvent.

The Democrats in the congressional district across the river are after little Sammy Pugh with a sharp stick. The people are rallying to the support of Mordecai Williams and the days of son-in-law Pugh are numbered.

Col. Dick has received the Republican nomination for congress in the Akron district, recently represented by Northway, deceased. Dick is the fellow who handled Hanna's corruption fund during his legislative campaign. He is a boulder, and is liable to indictment for bribery.

The Republican politicians are now peddling the story that the Spaniards would be glad to see a Democratic majority in the next congress. Hardly. They would like to see it composed of such fellows as Hanna, who declared in the beginning and still asserts he was, "opposed to the war."

The election in Ohio is only about four weeks off and yet the seductive voice of the political orator has already been heard in the land. It is about time for the protective statesmen to raise the wages of labor, and spread McKinley prosperity in big chunks o'er a smiling land.

If every voter in Scioto county, who is opposed to the ruthless rule of the gang, will vote against it in November, its ticket will go down before an avalanche of votes. Cast your ballot as your judgment prompts you and not a vestige of the Clark, Higgins and Hard ticket will be left afloat. The dismantled remains of Finney and his gang associates will look like Cervera's ships scattered along the reefs of Santiago.

The Times, regardless of the effect, has ever worked for the boys of Company H and will ever do so. They are now in Porto Rico and many of them sick and discouraged. There is every reason to believe that if a proper effort is made they could be home with us in the next thirty days. What are Hanna and Thompson or their friends doing to aid the boys? Were there a postoffice to be placed, or a nomination for congress to be delivered, you would see quite a stir among the faithful. November 8th is coming, when the present apathy on their part may witness a genuine surprise for these gentlemen in old Scioto. The friends of the boys do not want offices, but they do want their boys home.

The Hon. Charles Kinney, secretary of state, awoke the echoes in Adams county yesterday down about West Union, or he was to do so if nothing happened to prevent. Charley left a section of his speech with the Blade as he passed through our city the day before, and the reverberation of his guns rolled through the Ohio valley like the awful thunders of a darkening storm. Our people were deluged with eloquence and statesmanship—that is if the secretary succeeded in working off his proposed speech. He told us, or he was to tell us, that "the Republican party at all times appeals to the conscience and reason of men." Is that what Mark Hanna does with his money in one hand and offices in the other, for distribution to those whose vote and influence he seeks?

The orator, that is the supposed orator, tells us as a standing fact that "the revision of the tariff on protection line has revived commercial activity and the adoption of the reciprocity feature of the McKinley tariff bill has opened up a market abroad for our surplus products," and the demand thus created "has increased the price of all commodities." Is this so? When did the commercial activity aforesaid begin? When Alger's quartermasters began to bring rotten meat and spoiled canned goods for the soldier boys. When did the increase in the price of commodities take place and where is the increase now? Wheat went up last fall under Leiter's bull market to \$1.25 per bushel. But where is it today? Charley, you can tell that fairy story to the farmers of Scioto some of whom have been compelled to sell wheat within the past ten days at 53 cents a bushel in order to pay pressing debts. Cotton sells at 5 1/2 cents a pound—lower than it has ever been in all our history. No, Mr. Kinney your protective lines have not fallen altogether in pleasant places. Better review the markets and then revise your speech.

THE NEW CHARTER.

The action of the Republican majority of the city council last night in refusing to submit the proposed new charter for Portsmouth to a vote of the people this fall passes all comprehension. It will be remembered that nearly two months ago the Republican members of council, got together at the instance of "Boss" Higgins and ordered the printing of the Charter in the Blade and its caudal appendage, the Tribune. This publication, it was explained, was with a view to have the Charter voted on at the November election and it was desired to have the people informed on the provisions of the new bill. The bill was published at an expense of five hundred dollars but strange to say our Republican friends suddenly grew lukewarm. They allowed the matter to drift along and finally last night, on the eve of the election decided not to vote on the Charter at all. The very men who advocated the publication of the Charter, last night voted against submitting it to the people!

This is indeed a strange procedure. It causes the suspicion to arise, that

the publication of the Charter was a smooth deal to take five hundred dollars of the people's hard earned money and make a present of it to the Blade printing company and that other organ of the gangsters, the Tribune! As a matter of fact the Times charged openly two months ago that the whole business was a job to rob the taxpayers and developments seem to bear us out in our assertions.

The people should be grateful to Higgins et al in that they did not ask for five thousand instead of five hundred. It is reasonably certain that an obliging majority in council would have given them anything they wanted.

THAT RESERVOIR

Considered by the City Coun-
cil Last Night.

The New Charter Bill Was Thrown
Out in the Cold

And That Five Hundred Dollars Spent
for Publication Was Simply
Thrown at the Birds.

Council met in regular session Wednesday evening with President Turley in the chair. The following members answered to roll call: Moore, Yeager, Cropper, Huber, Calvin, Seeborn, Dillon, Harsha, Berthold and Turley. The minutes of the last regular meeting were read and approved.

At a former meeting the appointment of a special committee to look after a town clock had been deferred. President Turley appointed Seeborn, Stanton and Berthold.

PETITIONS.

Mr. Dillon offered a petition signed by citizens living in the vicinity of Gallia and North Waller streets, protesting against the bill boards recently erected on the southwest corner of Gallia and North Waller. The solicitor reported same as being on private property and council could not remove it.

Mr. Harsha's petition from A. A. Branch, asking for a permit to place a wagon scale, was granted.

Mr. Seeborn offered a petition from the Vencer works asking for the privilege of making an underground drain at their works. Same referred to committee.

Clerk Adams read the following communication from the water works trustees:

"To the City Council of the City of Portsmouth, O.:—The board of trustees of the city water works, having had under consideration for some time past the matter of a reservoir system to take the place of the direct pumping system now in use, and believing there is a growing sentiment in this direction among our citizens, would ask your co-operation, and if same meets your views the appointment of a special committee to confer with this board, for the purpose of suggesting plans, locations, ascertaining approximate cost, and to take such other preliminary steps as might seem to be conducive to the ends to be accomplished. The placing upon the ballots at the coming election, 'reservoir—yes' or 'reservoir—no,' would be a means of getting an expression direct from the people on the subject.

"This board is unanimously of the opinion that the change should be made as soon as same can be properly, economically and systematically done, and requests prompt action on the part of your honorable body.

"**JOHN DICE,**
"LOUIS BLOOMEYER,
"JOHN C. HOMER, pres't."

Mr. Homer, being present, was asked to explain the communication. He said, the time had come that some action should be taken and the water works trustees wanted council to confer with them on the question.

After some discussion the following committee was appointed: Dillon, Yeager and Moore.

The schedule, amounting to \$5,116.19, was allowed.

The clerk read a communication from the N. & W. R. R. Co. as follows:

"If the city desires the N. & W. R. R. Co. to remain in possession of, and operate the present N. & W. shops, it will do so under a modified lease, which will permit the company to do all its car and car repair work of this division. If the city does not desire the company to continue to operate said property, as stated above, the N. & W. R. R. Co. will purchase the right of way for its tracks and side tracks on the north side of said property from the city of a sufficient width (forty feet), providing a fair price can be agreed upon, the company to surrender the lease on the remainder of the property, and to have the privilege of removing all machinery."

Mr. Calvin made a motion that the committee on law and claims with the solicitor be instructed to make a new lease.

This brought out a vast amount of discussion and opening of old issues.

Mr. Harsha offered an amendment that the property be sold to them.

Mr. Yeager said the company really did not want to purchase the property, and would not pay one-third its value.

Mr. Cropper was in favor of making them conform to the present lease.

Mr. Harsha said there was brains enough in this city to draw up a modified lease that would be just as binding as the present lease, and if they would not purchase at a reasonable price it should be released.

Mr. Huber said conference after conference had been held with these people with very poor results. As it now stands, we must either compromise and modify the lease or go on with the suit in the United States court.

Mr. Harsha said he was in favor of going on with the case, unless some satisfactory arrangement could be made.

The solicitor said the case was in

the United States court, awaiting the action of council.

Mr. Moore thought it bad policy to attempt to modify the lease, or in any way interfere with matters, while the suit was pending.

Mr. Dillon said the aim of council should be to hold the shops here if possible. If we go on with this suit and win we will probably drive them away, and this would not be advisable as the property would be almost valueless to the city, and under the circumstances it would be best to modify the lease and hold the shops here, and at the same time hold the good will of the N. & W. railroad company. The original motion of Mr. Calvin's carried.

The mayor reported fines and license, amounting to \$72.15.

The engineer presented petitions to tap the sewer at the Kricker building on Front street, and at Connolly's building on Chillicothe and Fifth street. Granted.

FINANCE.

Mr. Seeborn made a motion that the insurance be renewed on the Overturf property. Carried.

Mr. Seeborn then read a lengthy report on the Gallia street improvement, showing that under the present valuation of property the shortage on assessments that the city would have to pay, would amount to nearly \$6,000, and he thought council should go slow. It was very probable that at the reappraisal of all property in 1900 the valuations would largely increase, and it would be better to defer this improvement until after that time. Mr. Harsha thought a little matter of \$6,000 ought not to stop an improvement as important and as much needed as this one. No action was taken.

A resolution was offered by Mr. Yeager that the question of a new charter for the city government be voted on at the November election. After some discussion the motion was lost, several councilmen saying that while the law reads that it shall be done, it does not say when, and it might be done five years from now and comply with the law.

The claim of Charles Bittner, as substitute fireman, was paid.

Mr. Seeborn wanted a cover placed on the patrol wagon. Motion lost.

Mr. Harsha offered a resolution to widen Tenth street, and at the same time, requested the solicitor to go to school and learn to write properly. The motion was lost.

Mr. Harsha said it was hardly worth while to go to the trouble of investigation, council would overrule and defeat the recommendation of committees.

A resolution was offered to drain the alley east of Chillicothe from Gallia to Fourth street. Dr. Lake was present and made a statement. The resolution to drain was lost.

Mr. Dillon made motion that East Fifth street be improved permanently and assessed back on property. Carried.

A side walk was ordered on Eleventh street, east of Offner.

Mr. Seeborn wanted to know what had become of the sanitary sewer. He was informed by the president that it was awaiting the session of the legislature.

Mr. Berthold was granted permission to trade horses.

On motion of Mr. Berthold, council granted Fire Chief Williamson a leave of absence for one week and allowed him \$30.00 to pay his expenses to attend a meeting of fire chiefs at St. Louis.

Mr. Seeborn said the board of education wanted to use the Gay street engine house bell. After some discussion Mr. Huber remarked that he said that bell about five years ago, and they might have trouble in finding it.

An ordinance to establish a grade on Eleventh street, east of Offner, was read for the first time.

Mr. Seeborn renewed his motion as to a cover for the patrol wagon. Same referred to committee.

Dredge Needed.

The time is rapidly approaching when the services of a dredge will be needed at the foot of Chillicothe street. Even at a pretty fair stage of water in the channel, Edwards' floats and barges find themselves pushed far out of their proper moorings by the rapidly encroaching bar, caused by the piers. These are political ice piers, and the dyke is a political dyke, and both together have about ruined the Portsmouth harbor. Politics and the Ohio river do not get along well together.

which will have to be seen to be appreciated. There is no better or more convincing proof of the genuine merits of our goods than their appreciation by the best dressers. If you have never seen our clothing convince yourself of its merits by obtaining the opinion of any of the recognized leaders in style in Portsmouth.

AMUSEMENT NOTES.

Manager Johnson, of the Grand has secured the "Cameron" company for a special attraction, Thursday Oct. 13th. This is a strong combination and no lover of music and art can afford to miss this event. Note what our exchanges have to say of some of the characters.

Mr. Chas. A. Higgins, who is certainly one of the finest violin artists who has ever visited Steubenville, rendered a selected from Wienlawski in a most masterly manner. Of course he received enthusiastic encores, and in response kindly gave several numbers. The audience would have been willing to listen to him all night; but all things good as well as bad must have an ending.—Daily Herald, Steubenville, O.

The "Cameron" Company appeared at the Central Music Hall last evening to a large and appreciative audience.

"Cameron" came unheralded and took the audience by storm. Her winning personality aroused as great interest as her beautiful voice. She is a young singer with few years' vocal training. Her execution is not faultless, but the sweetness and charm of her voice ensures her a popularity. She responded to a double encore.

The violin solos by Mr. Chas. A. Higgins were executed with a skillful technique that spoke volumes for the young man's ability.

One of the most pleasing features was the rich, well trained contralto voice of Miss Kerr King. Mr. Herbert Kerr displayed wonderful talent, and seemed to have a great mastery for one so young. He certainly has a great future in store for him.—Chicago Times.

The articles on E. L. Gates & Co.'s 5 and 10 cent bargain counters are not stale goods. It is all fresh. Stock just in and bought at astonishingly low prices. See and be convinced.

The Woman Screamed.

Residents on West Front street were excited Tuesday night over a woman screaming for help. She was out boat riding, it seems, and became alarmed at the waves of a passing boat. She got to shore safely.

MORPHINE

Came Very Near Ending Lon Frazer's Existence

Wednesday Evening—Took an Overdose and Only Prompt Assistance Saved Him From Death.

Lon Frazer, one of the foremen of the Portsmouth Turned Shoe company, came very near ending his existence last night by taking an overdose of morphine.

Frazer, who came here from Cincinnati about six months ago, has been residing on East Second street, with his wife and family, in the Gilliland property. He has been having troubles about sleeping and yesterday afternoon went to a drugstore and purchased some morphine to make him sleep. Last night he took too much of the drug and but for prompt medical assistance would have died.

Dr. Mitchell was called in and seeing the dangerous condition of the man, called in other physicians. They worked with him several hours and finally pronounced him out of danger. He is very weak today but will recover.

Rumors were in circulation today that Mr. Frazer had taken the morphine with suicidal intent, being sick and despondent. This is denied by the family and the attending physicians. It is known that Mr. Frazer's connection with the Portsmouth Shoe company was terminated yesterday morning. Frazer is a clever gentleman and his friends hope for his speedy recovery.

VERY PRETTY

Was the Wedding of John Dadosky and Miss Mayme Henagen.

At 8:15 o'clock this morning, at the church of the Holy Redeemer, a beautiful service took place, it being the marriage of Mr. John Dadosky and Miss Mayme Henagen. The beautiful ceremony of the Catholic church made the occasion very impressive. The ceremony was performed by Rev. J. E. McGuirk.

Mr. John W. Russell acted as best man and Miss Clara Nugent was maid of honor.

The bride was very pretty in a gown of white organdie with delicate point lace trimmings and she carried a beautiful bunch of white roses.

The maid of honor, Miss Nugent, wore a white organdie over blue silk with lace trimmings and her bouquet was pink roses.

Immediately after the ceremony the bridal party was driven to the residence of Mr. Geo. A. Philippi, on East Fifth street, where the bride has been making her home and where an elegant wedding breakfast was served.

The groom, Mr. John Dadosky, is the popular tailor, of West Fourth street, and is respected among a large circle of friends. The bride, Miss Mayme Henagen, is a charming young lady and an employee of J. Eisman & Co.

After today the happy couple will be found at J. Metzgers', 26 West Sixth street, where they have taken rooms.

The Times joins in with their many friends in wishing them a long and happy life.

OCTOBER TWELFTH

The Star Lyceum Lecture Course Will Open at the Opera House.

The Star Lyceum course, which will open at the grand opera house with the Schubert Glee club on Wednesday, Oct. 12th, promises to be one of the best courses ever presented to the musical people of Portsmouth. Besides the above musical number they will also present the Madame Pasquali band concert and opera company. This combination is conceded by the press wherever they have appeared to be one of the best musical companies ever organized. Madame Pasquali ranks second to the famous Nordica, the prima donna at the May festival at Cincinnati, O. They also have the Boston Ladies' Symphony orchestra composed of twenty young ladies who are graduates of the Boston College of music. Among their lectures they will have the noted Rev. D. J. Stafford, of Washington, D. C. and Will Carleton, the great poet. They will also present Rev. J. J. Lewis, of Boston, in an illustrated lecture of the Passion play of Oberammergau which concludes the course. The entire season ticket—six numbers—sells for one dollar.

TRAILED

To Portsmouth Was an Ironton Hotel Beat.

But the Fellow Succeeded in Eluding the Officers—Regular Epidemic in This Section.

Marshal Mittlehauser, the handsome and obliging thief-catcher of Ironton was in the city a few hours today. He was on the look-out for a board bill jumper who recently got in his work in Ironton.

The fellow came there about ten days ago and registered at a leading hotel as Hy M. Woods, Boston, Mass. He solicited orders for letter heads and blank books, claiming that the work would be done by a Cincinnati firm. He skipped out Tuesday morning leaving a board bill and numerous claims against him. He went west on the C. & O. buying a ticket for Portsmouth, and Mittlehauser thought he may have come to Portsmouth. It is thought here that Woods may have been a pal of the fellow Thomas, who worked the hotels here.

Woods is described as five feet in height 150 pounds, red cheeks, light hair, with a brownish red suit.

There seems to be a regular epidemic of hotel beating in this section. Scarcely a hotel within the radius 100 miles but that has suffered within the last thirty days.

MEANEST OF THIEVES.

A Crime for Which a Special Law Should Be Enacted.

It is thought by many that stealing flowers off of graves is the meanest kind of theft, but this is excelled by the party who broke open the glass box on a grave in Greenlawn cemetery and stole the souvenir trinkets therein, including a gold ring. This crime occurred yesterday or last night. The grave was that of a child of Alfred Rockhold. The penalty of the thief could be be apprehended and convicted, but the crime is in a class by itself, and its heinousness can not be atoned for by the ordinary machinery of the law.

Sciotoville Champions Were
Defeated Last Night,

By the Three Crack Players of This
City—Walsh, Roach and Wm.
Stewart—Decisive Victory.

The great checker match to decide the championship as between Portsmouth and Sciotoville was pulled off last night at the residence of Mr. Matthiot, in this city. Portsmouth was represented by Mr. Matthiot, Wm. Stewart and Hon. Ed. K. Walsh, while Messrs. McQuillan Basham and Dr. Stewart held the boards for Sciotoville. The contest resulted in a victory for Portsmouth, the players from this city winning 39 games to 24 from Sciotoville. Nine draws were played. McQuillan, one of the Sciotoville players, got weary before the services were over and declined to play in the last whirl. The tabulated score of games showing how the games resulted is given below. CANDY BOXES

Causing Some Local Business Men a
Great Deal of Trouble.

The Stollwerick candy and chewing gum machines scattered about the city bid fair to cause the holders of some trouble. The machines were originally sent out in 1893 by the Stollwerick candy company of New York city. There was no charge for their use, the party taking a machine, however, agreeing to use only Stollwerick goods. Recently the firm sent circulars to holders calling in the machines or cash equivalent. Today many of the merchants received drafts for value of the machines, being charged \$17 for each box. They all declined to honor the drafts and will ship the machines back to New York at once.

The candy firm has employed N. W. Evans as local attorney to look out for their interests.

A FIERCE BATTLE

Fought Between Regulars and
Pillager Indians.

CAUSE OF THE OUTBREAK.

When Troops Land to Arrest Red-
skins They Are Attacked.

NEWS OFFICIALLY CONFIRMED.

Washington Officials Receive Tele-
grams Announcing the Fight.

DEADLY EFFECT OF FIRST VOLLEY

When the First Shot Was Fired the Sol-
diers Sprang to Cover, and Soon the
Firing Became General on Both Sides.
The Attack Was Made by Nearly Two
Hundred Pillagers, Some of Whom
Bit the Dust, the Wounded Redskins
Yelling Like Fiends Incarnate.

Washington, Oct. 6.—Secre-
tary Bliss received a telegram
from Indian Inspector Tinker
announcing a fight with the Pil-
lagers Indians in Minnesota. It
did not say how many were
killed. Marshal O'Connor wired
to Attorney General Griggs that
a general Indian uprising is
imminent. On receipt of these
advice, Secretary Alger order-
ed reinforcements sent to the
scene at once on a special
train, if necessary, and with
a Gatling gun.

Walker, Minn., Oct. 6.—A terrific
battle was fought at 11 a. m. 30 miles
from Walker at Bog-Ah-Me-Ge-Shirka
Point, close to Bear Island.

The detachment of 100 men under
General Bacon was landed on the point.
The landing was effected with consid-
erable difficulty owing to a high sea.

After landing a sortie of the bush
was made in all directions. The sol-
diers went through the thick under-
growth very carefully and with every
precaution taken against ambush. No
Indians were seen until nearly 11 a. m.

The men were then ordered to line
up in an open space near the shore of
the lake. Charges were drawn and
preparations made for dinner. The
order to make coffee had been given
and the soldiers were standing in col-
umn formation when the first shot was
fired.

It came from Bog-Ah-Me-Ge-Shirka's
house. The ball struck Ed Harris, ex-
marshal of Walker, a half-breed. His
arm was broken.

That was the signal. Immediately
the firing became general from all di-
rections. It seemed that a shot came
from every bush. Three of General
Bacon's men dropped. They were at
once carried to the rear. On the very
instant that the first shot was heard
every man in the command sprang for
cover, without waiting for orders.

Like a flash the blue column had
vanished, and not a sign was to be
seen of the 50 men who had stood erect
but an instant before except here and
there a little patch where a gray hat
might be made out.

General Bacon's voice was heard
high above everything admonishing
his men. The general stood straight
up, and supported by Major Wilkinson,
looked right into the eye of the red
devils.

"Steady, men," he called. "Keep cool
now, keep cool." Again there came a
volley from the Indians, and that was
what the troops had been waiting for.

The Krag-Jorgensen opened up
with a terrific rattle just as the Pil-
lagers made a terrific rush. Half a
dozen of them dropped and the rest
fell back yelling like fiends incarnate.
There must have been 150 or 200 In-
dians. Lieutenant Morrison with a
squad of 20 men made a rush to pre-
vent the recapture of Old Mah-Quod,
a very choice scoundrel, and Bap-Way-
We-Dung.

The marshals had these men under
arrest and a rescue would certainly
have been effected, but Lieutenant
Morrison yelled "Charge," and his
squad scattered the copper colored
gang.

The Indians were firing in a desul-

tory way and the order was given to
charge. The soldiers rose, ducking and
dropping like grasshoppers. They
made the most of their opportunity.
Suddenly a volley was fired by the
Indians at the steam tug Flora, which
lay off shore. A score of bullets tore
through the frail woodwork of the
boat and every man except the pilot
sought cover. Some blazed away in
return with revolvers, but the range
was too long.

A volley was then fired at the tug
Chief of Duluth. Inspector Tinker was
shot through the leg and his coat
sleeve was torn to ribbons by another
ball. The Flora steamed for the
agency under orders from Marshal
O'Connor, who was on board to get
the 20 men under Lieutenant Hum-
phrey, who had been left there. O'Connor
escaped death by a miracle. The
Indians fired a volley directly at him.

The steersman of the tug Jennie was
shot through the arm with a Winches-
ter ball. He is very badly hurt. The
Indians gave a full volley as the boat
pulled out. Rev. Chandler of Owatona,
Minn., in the boat had a very nar-
row escape. The Flora will return
with rations and ammunition.

O'Connor's Statement.
A statement has been secured from
United States Marshal O'Connor.

He says that General Bacon told him
he thought it likely that they would
be several days and O'Connor there-
upon said he would return here for
tents and supplies.

O'Connor started in a skiff for his
steam launch which was some distance
from the shore, and just then the bat-
tle commenced. The troops did not
return fire for some time. When or-
dered to fire they did so with good
effect.

Mr. O'Connor says it was folly to go
over there with so small a force and
thinks it will take at least 1,000 troops
to restore peace.

A dispatch boat announces that al-
though they cruised up and down near
the scene of the battle for two hours
they were unable to see a man, and
fear that all soldiers and officers have
fallen. About 100 armed citizens, in-
cluding the detachment from Brainerd
are about to start for the scene.

More Troops Sent.
St. Paul, Oct. 6.—Orders were issued
for additional troops to go to Leech
Lake and 200 soldiers will leave for
there on a special train, reaching the
scene of trouble early in the afternoon.

This is in accordance with a telegram
from Adjutant General Corbin to Lieut-
enant Colonel Sturgis.

Tobacco Burned.
Clarksville, Tenn., Oct. 6.—One of
the most destructive fires here in years
occurred at 1:30 a. m. burning the
Grange Tobacco warehouse, the Louis-
ville and Nashville depot, Grange's
storage warehouse and many tenement
houses. The loss is over \$500,000. It
is believed to be the work of incendiaries.

It started in the Grange ware-
house near the office and in a few min-
utes the entire building was a mass
of flames. It spread to the freight de-
pot and Grange's coal shed, the flames
covering about five acres at one time.
The loss on the tobacco alone in the
warehouse is estimated at about \$150,-
000, with about \$300,000 insurance.

After the Scalpers.

Chicago, Oct. 6.—A concerted move-
ment against the system of ticket
scalping was inaugurated at the Grand
Pacific hotel. The National Association
of Merchants and Travelers tendered
a banquet to representative rail-
road men, at which the subject of
ticket scalping was gone over in all
its details. Over 250 guests were present
and John V. Farwell, jr., presided.
Both railroad and business men dwell
upon the menace to the commerce and
trade of the country from the business
of ticket brokerage.

Wants a Receiver.

Chicago, Oct. 6.—A second bill pray-
ing for a receiver for the National
Lined Oil company was filed in the
United States court here by John R.
Evans of Indiana. Mr. Evans avers
that he owns \$150,000 worth of the
company's stock and repeats the
charges of mismanagement. It is de-
clared in the bill that the company's
liabilities exceed \$200,000, and Mr.
Evans declares that the appointment
of a receiver is imperative in order
to secure the interest of the stock-
holders.

Great Increase in Trade.

Vancouver, B. C., Oct. 6.—The Pa-
cific coast agents of the Canadian
Steamship company give as the reason
for putting the Tatar and Athenian,
their 4,000-ton steamships, on the route
between Vancouver, Portland, Vlad-
ivostok and China that the trade be-
tween the Orient and America has
grown to enormous proportions.

Negroes Killed.

Harmon Grove, Ga., Oct. 6.—Two
negroes were killed outright and a
third fatally wounded at a political
meeting at Millers Court Ground, in
this county. Speeches were made and
the debate finally degenerated into a
free fight. Knives and pistols were
used with the result told above.

Formal Application Filed.

Paris, Oct. 6.—A formal application
for a revision of the Dreyfus case was
submitted to the Council of the court of
cassation. The government has re-
fused to withdraw the charges, therefore
the case will be definitely reopened.

death of the emperor of China.

republics of the Spanish gunboats lying

QUAY BOUND OVER.

On the Charge of Misusing
Public Funds.

TELEGRAMS AND LETTERS FOUND.

The Senior Senator of Pennsylvania and
Those Associated With Him in the
Transactions Connected With the De-
fect People's Bank Have a Hearing,
and Startling Evidence Is Produced.

Philadelphia, Oct. 6.—United States
Senator Quay, his son, Richard R.
Quay, and Charles H. McKee of Pitts-
burg, law partner of Lieutenant Gov-
ernor Walter Lyon, appeared before
Magistrate Jermol in the central sta-
tion court in this city to answer to the
charge of conspiracy in the alleged mis-
use of public moneys in connection
with John S. Hopkins, former cashier
of the People's bank of this city, who
committed suicide soon after the fail-
ure of the bank in March last. After a
hearing, lasting three hours, Senator
Quay and his son and Mr. McKee were
bound over for appearance at the next
term of court. Bail was fixed at \$5,000
in each case. David H. Lane, a local
political leader, going bail.

The testimony produced by District
Attorney Graham was in the shape of
about 50 letters and numerous tele-
grams covering a period from Septem-
ber, 1897, to February, 1898, addressed
by Senator Quay to Cashier Hopkins,
directing the purchase and sale of large
blocks of stock and arranging for the
placing of margins, a letter from State
Treasurer Haywood to the president of
the People's bank; a letter and tele-
gram from Haywood to the cashier
of the People's bank, and a private
memorandum book of Cashier Hopkins.
The lawyers representing the accused
fought hard against the introduction of
the latter, claiming the bank's books
and not a mere memorandum should
be offered, but it went in as evidence,
nevertheless.

The district attorney averred that
the evidence he produced showed that
Senator Quay had the use of \$200,000
of the state's deposit of over \$500,000
in the People's bank for stock specu-
lation; that State Treasurer Haywood
placed \$100,000 of state funds in the
People's bank on condition that that
amount of money be loaned to Senator
Quay's son, and that there was a regu-
lar assignment of interest on state
deposits in the People's bank to certain
accounts, one-third of it going to Mr.
McKee, all of which he claimed was a
violation of the state law prohibiting
a bank official from making such
transactions, and that the accused per-
sons were guilty of conspiracy in join-
ing with Hopkins in the transactions.

The attorneys for the defense opened
the proceedings with a fruitless effort
to secure from the district attorney
the names of the persons responsible
for the prosecution. There were only
three witnesses. The first was Thomas
W. Barlow, receiver for the People's
bank, who is also a special assistant
district attorney. Mr. Barlow stated
that in his capacity as receiver he
opened the dead cashier's desk and
found among other things a number
of letters and telegrams and a book
containing memoranda in Hopkin's
handwriting.

Combination Broken Up.

Pittsburg, Oct. 6.—The combination
of tint glass tableware manufacturers
which was brought into organized form
recently after several sessions in this
city, is said to have gone by the board.
Objections which could not be over-
come were raised after the manufac-
turers supposed they had an air-tight
arrangement, and the application for a
charter will not be made at once as
was intended. Dissatisfied members of
the combination withdrew their names
from the list and that has caused a
halt which is practically the death of
the association.

Polled His Regiment.

Jacksonville, Fla., Oct. 6.—Colonel
W. J. Bryan, accompanied by Mrs.
Bryan, arrived. The colonel was busy
looking after his regiment. He polled
it upon the question of going to Cuba
and it is stated that about 87 per cent
of the men expressed a desire to re-
turn home, the officers being about
equally divided, many of them not vot-
ing. This action was taken. It is said,
in response to a request from the gov-
ernor of Nebraska, to whom has been
left the question as to which Ne-
braska regiment is to be mustered out
of the service.

Candier Elected.

Atlanta, Ga., Oct. 6.—Georgia voted
for a governor, a full ticket of state
officers and for a constitutional amend-
ment providing that judges and solici-
tors be elected by the people. Hon.
Allen D. Candier, Democratic nominee
for governor, was elected over Hogan,
Populist, by not less than 70,000 ma-
jority. The constitutional amendment
is adopted.

Another War With Spain.

Some newspapers think the Spanish are
making secret preparations to seize Cuba and
Porto Rico again, and get back what they
lost during the late war. We do not believe
these rumors. The Spanish army, although
strong, is a very poor one. It is not a
military force, but a collection of desperadoes.
Neither can disease successfully attack strong
constitutions. The men have a healthy stom-
ach, and disease cannot get a foothold. The best
remedy known to science for making strong
constitutions is Dr. Williams' Pink Pills.
This is a natural remedy which makes the
blood, and by making the blood pure, the
system is made strong and healthy. Pure
blood makes strong and healthy men. Pure
blood is the life of the body through the veins.
The blood is the life of the body through the veins.
The blood is the life of the body through the veins.
The blood is the life of the body through the veins.

When you call for Dr. Williams' Pink Pills, be sure to get the great pink pills. Do not accept anything else. Do not be talked into accepting a substitute for the pure, reliable, Dr. Williams' Pink Pills, and Dr. Williams' Pink Pills.

A lady of Germantown, Pa., has a friend from St. Louis, who
asserts that Ripans Tabules are an invaluable remedy for children
teething. "And she ought to know," said her friend, "for she is the
mother of a child that was awarded a prize for beauty at a baby show."
It was during a recent visit at Germantown that this lady related her
experience during the teething period of her boy. "At our home in
St. Louis," said she, "we keep a constant supply of Ripans Tabules,
and my husband, who is a druggist, says the doctors nearly all use
them now. My little two-year-old suffered more from his first teeth
than most children, and while a lotion rubbed on the gums seemed to
relieve him, it was sure to upset his little stomach and make it incapable
of retaining any food, and his vomiting would sometimes be something
terrible. I had such faith in Ripans Tabules that I determined to
make a trial of them in his case, so I gave him the broken half of one
and the little one grew better almost immediately. I believe no family
can have on hand anything in the medicinal line of such wide applica-
tion as Ripans Tabules."

A new style packet containing TEN RIPANS TABULES in a paper carton (without glass) is now for sale at some
drug stores—for FIVE CENTS. This low-priced sort is intended for the poor and the economical. One dozen
of the five-cent cartons (120 tablets) can be had by mail by sending forty-eight cents to the RIPANS TABULES
COMPANY, No. 10 Spruce Street, New York—or a single carton (ten tablets) will be sent for five cents.

Other so-called talking machines reproduce
only records of cut and dried subjects, recorded
in a laboratory, but the Graphophone is
not limited to such performances. On the Grapho-
phone you can easily make and instantly reproduce
records of the voice, or any sound. Thus it en-
riches your life with new interest and its charm never
fades. The reproductions are clear and brilliant.

DESPERATE

Cutting Scrape at the Farmers' Hotel Last Night.

Jesse Jackson, of Otway, Badly Cut by Notorious "Jack" Parker.

And Had a Close Call for His Life—Parker Arrested and May Again Go to the Penitentiary.

There was a serious cutting scrape at the Farmer's hotel, on Market street, Wednesday, as the result of which Jesse Jackson, of Otway, came very near losing his life.

He was badly cut about the face by "Jack" Parker, a colored hostler, a sharp knife being the weapon used.

Jackson and a friend named Tom Riley drove in from Otway Wednesday afternoon and put up at the Farmers' hotel. Last night they began to "tank up", to use an expressive slang expression. Among those who chanced to be in the bar room of the hotel was "Jack" Parker, employed at Dice's livery stable as hostler. Jackson and Riley bought beer galore for Parker and had him dancing and singing for them. About half-past ten o'clock they got into a row. Jackson says that trouble started over an allusion to Parker's trouble. A few words were exchanged and then Jackson called Parker a liar. The latter, with sundry sulphurous oaths, swore that he was going to kill Jackson and drew his knife.

At this point John Prior, the bar-keeper, interfered. He did not propose to have any trouble in his place of business if he could help it and so he grabbed Parker and rushed him toward the door. Parker made a vicious lunge at him with the knife, cutting his shirt sleeve but not injuring him. Prior let go then and Parker slashed viciously at Jackson with his knife.

The point of the knife caught Jackson in the temple and ripped a gash several inches long. An artery was severed and the wound bled profusely. Jackson smashed Parker over the head with a chair and then dropped fainting to the floor.

Several physicians were called and they had great difficulty in stopping the flow of blood. They finally succeeded and today Jackson was able to go home.

Parker was immediately arrested and is now in the city prison, awaiting trial. He has served a term in the penitentiary and is regarded as a desperate character when he is drinking. His arrest recalls his sensational assault on the McDowell family some years ago. For this crime he was tried, convicted and given a long sentence in the penitentiary.

"Old Glory" Will Be There.

A lofty flag staff will be erected on the new Gilbert building and a splendid new flag floated from its peak on the day of their formal opening, and on all public occasions thereafter. The building is rapidly being made ready for occupancy. The last of this month at the furthest will see the firm pleasantly located in their new and swell quarters.

Will be glad to see our old customers at 605 Chillicothe street. Fresh candles of all kinds always on hand. FRANK ADAMS.

Communion at the First Church.

The regular quarterly communion service will be held at the First Presbyterian church next Sabbath morning at 10:30 o'clock. Upon such occasions there is usually a large attendance of the membership of the church and it is earnestly desired that this may be the case next Sabbath. Preparatory service as usual Saturday afternoon at 3 o'clock.

Why Not?

Give Portsmouth shoes the preference when they cost no more than other makes and are the equal of any shoes made. Try them at Anderson Bros. Home Factory Shoe Stores.

Show Grounds Scarce.

Potsmouth is getting short on circus grounds. The only available tract within the city limits is the one lately used by the Sells-Foranpaugh circus and Pawnee Bill, and it is none of the best for tent shows. This indicates the rapid growth of the city.

THE WEATHER PROPHECY.

Ohio.—Generally fair tonight and Friday; cooler Friday morning with frosts.

Rev. Isaac Crook.

The sending of Rev. Isaac Crook to a church in our near neighborhood, Ironton, after his long absence from conference and the regular ministry, revives memories in church circles in Portsmouth. Mr. Crook was the much loved pastor of Bigelow a quarter of a century ago, and during his pastorate united in marriage many young couples who are now staid fathers and mothers in Israel, with children of their own who are promising candidates for matrimony. Mr. Crook was latterly president of the Ohio University at Athens, and did good work in behalf of that fine old institution of learning. He resigned his position to return to his old love, the regular ministry.

A PECULIAR ACCIDENT

Occurred on Chillicothe Street Today—Might Have Been Serious.

What might have been very serious accident occurred in front of the Herms' Dry Goods store, on Chillicothe street, this morning. Mrs. Samuel Culpit was coming up Sixth street in her carriage. Her six year old boy was in the front seat driving. As they neared Chillicothe street Mrs. Neil Barbee, of Union Mills, with her six year old boy, was driving across Sixth street, intending to stop at the store. The wheels of Mrs. Culpit's carriage caught the Barbee carriage, turning it over. The Barbee boy was thrown forward against the horse's heels, and Mrs. Barbee was caught under the carriage, remaining until assistance arrived and lifted it off. The horse stood perfectly still and had the animal become frightened and ran or kicked some one would certainly have been killed. Mrs. Barbee was only slightly bruised, but all were badly frightened.

FATAL ACCIDENT.

Aged Lady Loses Her Life by Falling Down Stairs.

Left Alone in the House, She Was Found Dead on the Return of the Household.

Mrs. Elizabeth Fowler is eighty-six years old and makes her home with her grand-daughter, Mrs. J. C. Swentzel, on East Second street, in one of the little brick cottages, adjoining Dr. Fulton's residence. The stairway of halfdozen steps extends from the sitting room. Mr. and Mrs. Swentzel left Wednesday afternoon for a two weeks' visit with friends in West Virginia. Mrs. Clark, mother of Mrs. Swentzel was left to keep house with the aged lady during their absence. Immediately after supper, Mrs. Clark went down street on an errand, returning an hour later, she found her mother, Mrs. Fowler, lying at the foot of this stairway, dead. Physicians were called at once, but they were too late. It is supposed that Mrs. Fowler had attempted to go down into the kitchen for something and tripping at the top, fell to the bottom, striking her head against a table. Surroundings indicated that she was not killed instantly as she had apparently turned over, and had wiped the blood from her face with her apron. The fall and the shock that would naturally result caused her death in a few minutes.

The funeral services will be held at the residence Friday afternoon at 2 o'clock.
